These easy exams and exercises on the uppercase Grammar Starter English grammar and speaking sections are listed by subject and are suitable for use in the classroom or for extra practice between lessons. If you can't find what you're looking for here, take a look at our other site menus for more lessons, quizzes, games and other fun activities for English students and young students. When it comes to English speaking skills, you should not pay too much attention to grammar rules at first. But this does not mean that we should completely ignore English grammar. Needless to say, basic English grammar rules play an important role in learning English, both written and oral. Without grammar rules, sometimes you can express yourself in short and simple phrases. However, you can often fail with more complex expressions that require the right orders or word structures. As a novice, you need to know basic English grammar rules, such as how to edit words and show how to make meaningful statements. Below is a series of 40 basic English grammar courses covering most of the English grammar times and most used structures. All courses are designed with clear definitions, descriptions and forms, following examples. Do not try to learn all forms by heart without meaningful training. What you really need to do is take advantage of the entire English grammar app through sample sentences – in other words, you need to understand how to use each rule and apply it to your daily conversation. P/S: If you find these lessons useful, please consider sharing them with people and let us know what you think in the comments section below. Thanks! Practice your English grammar with clear grammar descriptions and practice exercises to test your understanding. All students, regardless of their level, have questions and doubts about grammar when learning English, and this guide helps explain verb times and grammar rules in a clear and simple way. From beginner to advanced level and read the descriptions and By reviewing and practicing your grammar, you will increase your confidence in English and increase your language level. Decide which grammar field you need help with today and select a grammar point to work on. When you do interactive exercises, you can see how well you're doing. It's the best way to practice little and generally improve your grammar, so pick another grammar point to come back tomorrow and work on it. Good luck! Choose a section Why is English grammar important? Take a look at the cover of the magazine about the famous Rachael Ray. The text says: Rachael Ray finds inspired by her family and cooking her dog, which, what the sentence means, rachael finds inspiration in her dog, her family and her food. Instead, the sentence sounds like Rachael loves to cook her family and dog for dinner! Good grammar can save you from such misunderstandings. Grammar contains a set of rules that you use to create sentences in any language. Grammar rules tell you things like why you walk slowly (not slowly) and when they or they say. Without grammar, it would be very difficult for people to

understand each other. That's why it's important to learn English grammar, but it's not always easy to get started. Where can you get all the information you need and learn all the rules (and exceptions to those rules)? Well, here you can start with this list of 20 English grammar learning websites! Smart Steps to Learn English Even with a list of great resources, learning will be easier if you follow certain steps.1. You have a purpose. Having a goal helps you build focus. Choose a specific goal for your grammar learning, such as feeling comfortable for a job interview or correcting bugs spoken in the past time.2. Deseries this goal into smaller goals. Now that you know what you want to accomplish, you can find out how to get there. Let's say you want to correct past time mistakes. First, you're going to have to find out what these mistakes are. To do this, you can ask others to point out your mistakes when talking, record yourself and listen carefully, make past times and more that you are less familiar with. Whatever you're working on, you have to find a way to cut it into smaller pieces.3. Focus on one topic at a time. Don't try to learn everything at the same time. Instead, learn one rule at a time and review this rule until the app is very well aware that you can use it and teach someone else.4. Work a few minutes a day. You don't have to work hours to learn English. Just 5-10 minutes a day, as long as you use them wisely. Every day, you can read a grammar rule, do a few exercises, and then practice for the rest of the day. In the next few days, when I was writing this rule, use it to make sure you don't forget when you're talking. Look for examples of this rule when reading, watching, or listening to something in English. Follow the steps below and before you know it Much more comfortable with English grammar. How to Use This List of English Grammar Sources We have prepared a list of great websites where you can find grammar rules, test your skills or quickly research the grammar question. This list is not comprehensive, which means that it does not include every grammatical website on the internet. That would be a big list! Instead, you will find a good mix of all kinds of useful resources in grammar learning that you want to do. You will (and should not) use all websites. Instead, look around and find a couple of sites like yours! Then-and it's important-actually use them. Mark the website on your computer and phone, download the app if available, and add one or two to your learning program. Doing so will make sure that you visit websites regularly and continue to learn from them. Grammar BytesGrammar Byte has bite-sized (mini) grammar lessons and exercises presented in a really friendly and sometimes silly way. Interactive exercises allow you to test your skills and also contain easy-to-understand descriptions with accurate answers. The site also posts a daily grammar exercise on its Twitter account. FluentU One of the best ways to learn English grammar is to hear it used in real situations. The more English you listen to, the more grammars you learn — even without memorizing the rules (though this certainly helps). At FluentU, you can access a large library of real-world English videos, along with clear definitions, examples, and more for all the words used in videos. The more you watch, the more you learn! As you browse hundreds of our great videos, you'll have the freedom to choose one of the most relevant to your personal learning experience. FluentU teaches new words and grammar rules when actively watching. There are interactive subtitles - click on any word for instant definition, grammar and examples. FluentU provides you with interesting content with world famous celebrities. For example, if you tap brought, you'll see it:FluentU lets you tap to look at any word. With FluentU, you can learn the vocabulology of any video. Swipe left or right to see more examples of the word you've learned. FluentU helps you learn quickly with useful questions and multiple examples. Learn more. If you continue to practice with these videos, you will see a great improvement in your ability to use English correctly, as those with the mother tongue English use. Start using FluentU on the website with your computer or tablet, or download the fluentU app from iTunes or Google Play stores.5 Minutes English5 Minutes The design for English may not be very fancy, but its descriptions are clear It's obvious. The site has great information about common grammar questions and errors, such as this page, which explains when to listen and hear. The British CouncilBritish Council is a great resource for all language learners, especially if you are learning English. If you're learning, a lot of information here about all kinds of grammars you need to know. Just choose your level and then you'll get a few special grammar topics to explore. Grammar GirlGrammar Girl is both a blog and a podcast that provides a short, friendly tips for improving written grammar. Grammar Girl (also known as Mignon Fogarty) make grammar fun and simple with memory tricks. This make it easy to remember and use difficult grammar rules. Grammar Girl is also used by mother tongue speakers, so you can be sure that English audio will help more naturally. You'll learn about English grammar rules, as well as punctuation, writing style, and even business tips. You can find their podcasts on Apple and Spotify, or you can get a free month when you sign up for Stitcher.English Grammar 101, a code gramer that you prefer to learn with a textbook, but don't always want to carry with you. You will love English Grammar 101, which is set up like a grammar textbook. Each easy-to-understand course (or chapter) covers only one topic at a time and is followed by an exercise section to test your understanding of the subject. The short length of episodes means you can spend a few minutes a day on a grammar rule and learn a lot in a short period of time. Alison English Grammar Courses Not everyone likes to learn alone. For those who want to learn in a classroom, you may want to try an online course. Alison has a number of free online courses to learn English grammar. These courses usually include watching videos and doing assignments later. The best part is that there is often interaction (talking) with other students and the teacher. So if you have a question or want to practice with someone, you can. Education First English Grammar Guide Education The first grammar guide is very well organized and is a good place to start to learn how to use speech pieces. The rules are short and use many sample sentences to show how everything works. If you learn better with examples than rules, this is the perfect place to start. The Oxford English Grammar CourseThis website is for accompanying Oxford English Grammar books. Even if you don't use these books, this grammar is still a good place for practice. Grammar rules have no explanation, but there are many interactive grammar exercises to make sure you really understand each rule. Use this website to find out what you need to follow the rules you've learned elsewhere or work more. This resource is no longer available, but if you are interested, the following resource is similar. If you want to learn EGO4U English grammar online completely free of charge, you need to try EGO (English Grammar Online). This page improves English grammar online includes everything you need, a look at all the time with examples english grammar lessons and exercises a ton of time, conditional and even mysterious mystery subjunctive. EGO4U also has the most important English grammar topics divided into separate sections so that you don't get lost trying to learn something new. Each section includes a lot of grammar lessons and exercises for practice. Pay attention to the points on the right side of each exercise link. They tell us about the difficulty of exercises. Great! Finally, EGO4U contains an amazing section where you can find the most confusing English times. If you are having any problem distinguishing between past simple and past progressive, or going in a sentence, will, current simple or current progressive, you always get a headache you need to decide that you will love this episode. Daily GrammarDaily Grammar is both simple in appearance and content. On the website there are more than 400 courses on speech and sentence fragments, pieces that you can go through in turn, or you can use the dictionary to search for a period. Daily Grammar also posts lessons on its blog, along with exercises for the app. EnglishClubEnglishClub is another website with grammar lessons, and it's easy to understand a post intimate and super. Some courses have exams, and some have specific tips explaining often misunderstood facts about each subject. Grammar Tips You may have heard of the grammar spelling and grammar checker. Not only do you check for your mistakes in your article, but you also do not make the same mistakes again, so that it will explain them to you. They also collected a ton of rules, information and tips on every possible grammar topic you can imagine. Descriptions are written in a blog-like way: personal and using full paragraphs instead of a few lines. Due to its more advanced use of English, it is a great resource for more advanced students. Grammarly is not a website that learns English - it is a website for native English speakers who want to develop their own grammar. Therefore, tips can be a little overwhelming for beginner/middle students. English PageEnglish Page is not organized, among other websites on this list, but it has some of the best English grammar exercises you can find. The exercises here don't just ask you to choose the right answer from a list - you have to write the answer yourself. This means that you really need to use what you have learned and practice instead of just memorizing it. There's an excellent section of grammar rules, too. There's a lot of examples. YouTubeVisual learners, we haven't forgotten you! For those who prefer to watch someone explain rather than read the rules, YouTube has a lot of lessons to offer. Some major English grammar classes can be found on EnglishLessons4U, Let's Talk and many other channels. Search YouTube for [subject] grammar lessons for lessons in a specific topic and you'll find many options. My English Pages I have been an English teacher for almost 20 years and there is a difference between knowing English grammar and mastering it I know. It's me Pages are a free online resource to help you improve your English grammar at any level. I like how all different topics are divided into large sections. Your times, your speech sections, modal verbs, determinants, sidet-sections... The list goes on and on! If you don't know how to improve your English grammar, start here! For each topic, you will find a great grammar lesson or description with many examples, and at the end of the description, there are links where you can apply the grammar that you just learned. Englisch Hilfen (English Help)There are two versions of this German site, one German one and one English one. We are trying to learn English grammar here, so I recommend using only the English version. Englisch Hilfen contains everything an English student would say is needed. When it comes to learning English grammar, it includes amazing grammar explanations and exercises, and access to everything is completely free. Just select a topic from the list on the left side of the screen and start learning! When you select a topic, you land on a webpage that brings together all available links to that topic. Different connections are normally organized based on how you need to learn the subject or the increased difficulty. At the end of the list of grammar links, you will also find links that will take you to exercises on this topic. The site is very user friendly and easy to use.edX MOOCs, I've never heard of edX and MOOCs, one of the best ways to learn free English grammar is missing! MOOC means Massive Open Online Course. MOOCs are mostly free courses that you can do online. They are prepared by world-renowned institutions and universities such as Oxford, Cambridge or Google, allowing you to learn from home at your own pace about what you really need or want to learn.edX is a platform that offers thousands of free MOOC's on many different topics. When it comes to learning English grammar, you can choose from a variety of courses depending on your needs (this amazing post is how to find out more about English grammar online). There are really two courses of advice from this site:1. Upper-middle English: Technology Today. This course is ideal for upper-middle students who want to learn words and grammar related to technology. The main objective of the course is to teach you how to write a business plan with English grammar lessons revolving around technology and work.2. Upper-middle English: Modern Life. If you want to improve your English grammar and vocabulology skills with the help of topics such as sports, health, movies, pets and more, this MOOC is ideal for you. This course is also great if you don't know exactly how to improve your English grammar and want to break the intermediate plateau. Free English Study At first glance, Free English Study is another boring English grammar may look like a site, but it can be visible The English Study includes all the grammar topics necessary to help the beginner become an advanced English user. The Grammar page contains a list of all the main English grammar topics categorized. Nothing new yet. However, when you click on a topic, you start to see why this page is different. For starters, not only excellent grammatical descriptions, but also examples give tons. This is the best way to see the piece of grammar you learn on the job. Examples written in purple normally include notes and brief descriptions when needed, and for many topics you even have the right and wrong examples so that you can actually see and understand how the grammar you've learned works. Passport To EnglishPassport To English is a complete English course that starts from scratch and teaches you English with vocabulal exercises, English grammar lessons, dictates, games, listening and reading exercises. If what you need is a full English course, start with the first English grammar course of the Initial English level and follow the detailed instructions as you go on. However, Passport To English is a great site only if you want to increase the current level of English grammar. The list of grammar topics is alphabetical and includes every grammar bit covered in the course's courses (you can see the level and course number at which each grammar topic appears in the course). Passport To English is not only well organized, but also contains a lot of great explanations and examples. At the end of each topic, you have various exercises to control what you have learned. Do you have a fluent passport? LEO NetworkI discovered leo network a few months ago by mistake and I haven't stopped using it with my students ever since. LEO lets you learn words, chat with other students, improve writing skills, get better dictates, take spelling tests ... I need a whole post to name all the big things you can do on this site. And the grammar part is amazing, and I'm sure you'll fall in love with it. Each category and subject contains one to three small symbols on the right. These symbols tell you what you can do about anything. The notebook icon (Read This!) means you'll find a grammar description when you click it. Grammar descriptions on the LEO Network may seem quite brief, but they are true and focus on what matters. You know you won't learn anything unnecessary. When you click on the picture symbol (Picture This!), it means that you will find a ton of cute thumbnails and examples of the grammar topic. This is the perfect section to see grammar in action. Finally, when you click the tick icon (Test This!) inside a circle, you will have a test or exercise so that you can apply the grammar you have learned. This is where magic happens, and whether you really understand or need to review the issue you can see it. Which Is Which? Will these websites be joined by places/frequently? I hope you've found a few sites that you're excited to start using. Don't forget to use these websites along with other English learning methods. Good luck! If you like this post, something FluentU tells me, you will love the best way to learn English with real world videos. Online experience immersion in English! Online!
